Information is subject to change without notice. Northern Telecom reserves the right to make changes in design or components as progress in engineering and manufacturing may warrant. This equipment has been tested and found to comply with the limits for a Class A digital device pursuant to Part 15 of the FCC rules, and the radio interference regulations of Industry Canada. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses and can radiate radio frequency energy, and if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at their own expense.

SL-1 and Meridian 1 are trademarks of Northern Telecom.

Revision history

August 1996

Standard, Release 8.00. Reissued for Release 22.0x.

December 1994

Standard, Release 7.00. Reissued to include editorial changes and indexing. Due to the extent of the changes, revision bars are not used.

October 1993

Standard, Release 6.00. This document is reissued to include new technical information. Changes are noted with revision bars in the margins.

December 1992

Standard, Release 5.00. This document was reissued to technical updates. Because of the extent of changes, revision bars were omitted.

December 1991

Standard, Release 4.00. This document was issued to include changes and updates for X11 release 17. Because of the extent of changes, revision bars were omitted.

December 1990

Standard, Release 3.00. This document was issued to include changes and updates for X11 release 16. Updates were indicated by revision bars in the margins.

December 1989

Standard, Release 2.00. This document was issued to include changes and updates for X11 release 15.

June 1989

Standard, Release 1.00. This document was issued to include changes and updates for X11 release 14.
